- 4/5—Joshua
- 6/7—Bailey

**Values**

This week we have been focusing on being balanced. This means that we use time wisely to complete tasks.

**BEHAVIOUR**

At Grantham State School we believe that we should provide a safe, supportive and disciplined environment where all school community members respect the following rights:

- the rights of all students to learn
- The rights of teachers to teach
- The rights of all to be safe

We promote high expectations for behaviour and learning.

We believe that every child matters and every child can achieve. We believe that this applies to both improving behaviour and improving learning. We emphasise the need for students to own their behaviour and we actively promote the development of self-responsibility.

**BE SAFE**

Dear Parents,

With the holidays commencing today, our children’s safety will be an important part of holiday planning. We would encourage parents to remind children about road safety. Remember that it is compulsory for children to wear helmets when riding bikes. It is also important to teach our children about safety when riding and walking on roads.

Cyber Safety is also something to keep in mind these holidays. The Internet provides our children with entertainment, but it is just as important to supervise them in using computers as it is when they are doing things such as playing at the park or swimming. Three things to help keep your children safe are:

- Think Before you Post  
- Put settings to Private  
- Don’t disclose personal details
